Re: Docket No. 2021-263-T - Application of Willie Banks d/b/a Its About Time
Delivery for Class E (Household Goods) Certificate of Public Convenience and Necessity for
Operation of Motor Vehicle Carrier.

Dear Ms. Boyd:

During the hearing in the above-referenced case, Commissioner Belser asked Mr. Banks whether he had considered including rates for moves involving two trucks. Mr. Banks responded he did not intend to charge extra for a second truck. However, after considering the expense that would be incurred for using a second truck, Mr. Banks decided that he would like to revise his tariff to include rates for moves requiring two or more trucks. I have enclosed a tariff that includes such a rate schedule and am asking the Commission to consider approving it with his application. Counsel for ORS has informed me the agency does not oppose this request.

If the Commission is unable to grant this request, the company will file an application to amend its tariff. Mr. Banks and I appreciate the Commission's consideration in this matter.

With best wishes, I am,

Sincerely yours,

s/ Charlie Terreni
